WELCOA Platinum winner Phoenix Contact recognized for innovative wellness programs

Middletown, Pa. – The Wellness Council of America (WELCOA) has named Phoenix Contact as a 2023 WELCOA Well Workplace Platinum recipient. The Platinum award is the highest level of recognition and demonstrates that a company has implemented a comprehensive wellness program that is strategic and integral to the business.

“Wellness is core to our culture at Phoenix Contact, and we are so excited to reach the Platinum award, just a year after achieving the Gold level,” stated Marian Roldan, senior vice president of human relations. “Our Phit for Life Wellness Committee is dedicated to finding creative and fun ways to engage everyone in their own individual wellness journey. Our employees have embraced the many tools available to connect themselves and their families to a healthy lifestyle.”

WELCOA strives to improve the health and well-being of working Americans by helping businesses build healthy workplaces. Companies selected for the award must demonstrate that they meet WELCOA’s seven benchmarks of success.

About Phoenix Contact

Phoenix Contact is a global market leader based in Germany. Phoenix Contact produces future-oriented components, systems, and solutions for electrical controls, networking, and automation. With a worldwide network reaching across more than 100 countries with over 22,000 employees, Phoenix Contact maintains close relationships with its customers, which are essential for shared success. The company’s wide variety of products makes it easy for engineers to implement the latest technology in various applications and industries. Phoenix Contact focuses on the fields of energy, infrastructure, process, and factory automation.
