## JCT Technologies joins Phoenix Contact as an Authorized Solution Partner

Phoenix Contact Ltd. is pleased to welcome JCT Technologies Ltd. from Redcliff, Alberta, as a new member of our Solution Partner program. Authorized Solution Partners have been carefully selected as part of an initiative to market Phoenix Contact’s innovations and capabilities in the field of Industrial Automation and Industry 4.0.

JCT Technologies' innovative design and manufacturing capabilities allow for strategic, creative, and focused solutions to offer our customers. Their experience in Control System Design, SCADA Systems, and New Technologies Development makes this partnership with Phoenix Contact a natural fit. JCT Technologies has focused on creating solutions focused around IIoT and Industry 4.0 applications to allow remote access and visualization based on their innovative cloud adoption services. “At JCT Technologies we do things differently. The Phoenix Contact PLCnext Open Automation platform allows us to implement our solutions with flexibility, using the program platform that makes sense for the application.” – Jason Entem, CEO, JCT Technologies.

Phoenix Contact supports the digital transformation with products, systems, and solutions that combine to produce innovative, solution-oriented systems. In cooperation with our customers and authorized partners, we develop tailor-made industry solutions with proven Phoenix Contact quality. Phoenix Contact is a major contributor to the digital transformation of industries and processes bringing productivity, impact, and competitive advantage to industry. This new partnership between JCT Technologies Ltd. and Phoenix Contact will enable the industry to access innovative products, projects, and application expertise.

In today's global market, the right partner can make your company more efficient and competitive.
