

FL SWITCH 1000

The flexible unmanaged switch series

Unmanaged switches in compact design – Improved data transfer in automation networks

Your advantages

- ✓ Requires minimal space thanks to very compact design
- ✓ Gigabit versions with jumbo frames for high data throughput
- ✓ Flexible installation options
- ✓ Enhanced traffic prioritization for automation protocols
- ✓ PROFINET Conformance Class A for real-time data exchange, alarms, and diagnostics
- ✓ The PTCP filter ensures reliable data transmission in PROFINET networks

Main Features

— Suitable for industry operating temperature range -10 to 60 ° C

— Very narrow, only 22.5 mm

— Power supply
9 - 32 VDC
18 - 30 VAC

Suitable for industrial and building automation protocols

Fiber connections – SC, ST or SFP

Edge-mounted port LEDs for good visibility from all sides

Push-in connector – easily removable

Enhanced data traffic prioritization for automation protocols

The FL SWITCH 1100 series has an improved data packet priority optimized for time sensitive automation protocols like Profinet and EtherNet/IP. This ensures predictable and robust operations also in case of high network load.

Versatile installation options

Unique mounting adapters allow you to mount the FL SWITCH 1000 and 1100 series devices flat on the DIN rail and directly on a surface. As a result, the switches can also be used in compact and flat control cabinets where space is very limited. Since the adapters are rotatable, you are free to choose the outlet direction of the connections.

The FL SWITCH 1000 series offers a solution for every need

Order No.	Designation	Housing			Temperature range in °C	RJ45 ports		FO ports	
		Dimensions (L x W x H) mm	Material	Version		10/100 Mbit/s	1000 Mbit/s	10/100 Mbit/s	1000 Mbit/s
1085039	FL SWITCH 1005N	22,5 x 117 x 87	Plastic	Narrow	-10 ... +60	5			
1085256	FL SWITCH 1008N	22,5 x 140,4 x 92	Plastic	Narrow	-10 ... +60	8			
1085255	FL SWITCH 1016N	40 x 140,4 x 92	Plastic	Narrow	-10 ... +60	16			
1084159	FL SWITCH 1004N-FX	22,5 x 117 x 84	Plastic	Narrow	-10 ... +60	4		1 x MM SC	
1085214	FL SWITCH 1004N-FX SM	22,5 x 117 x 84	Plastic	Narrow	-10 ... +60	4		1 x SM SC	
1085179	FL SWITCH 1004N-FX ST	22,5 x 117 x 84	Plastic	Narrow	-10 ... +60	4		1 x MM ST	
1085177	FL SWITCH 1004N-SFX	22,5 x 117 x 84	Plastic	Narrow	-10 ... +60	4		1 x SFP	
1085176	FL SWITCH 1005N-2SFX	22,5 x 140,4 x 92	Plastic	Narrow	-10 ... +60	5		2 x SFP

Open communication with customers and partners worldwide

Phoenix Contact is a global market leader based in Germany. We are known for producing future-oriented components, systems, and solutions for electrification, networking, and automation. With a global network reaching across more than 100 countries with over 17,100 employees, we maintain close relationships with our customers, something we believe is essential for our common success.

Our wide variety of innovative products makes it easy for our customers to implement the latest technology in a variety of applications and industries. We focus on developing the fields of energy, infrastructure, process, and factory automation.
