

NFPA 79, Edition 2018

Common applications affected:

• Emergency stop	• Conveyor lines	• Sawmill machines
• Light curtain / Laser scanner	• Industrial robots	• Transfer machines
• Guard door (door switch, non-contact switch)	• Metal cutting/forming machines	• Sortation machines
• Two hand control	• Injection molding machines	• Coordinate measuring machines
• Safe speed (overspeed & standstill)	• Extrusion machinery	• In-process gauging machines
• Elevators	• Blow molding machines	• Carton-strapping machines
• Dumbwaiter	• Specialized processing machines	• Drum-filling machines
• Escalators	• Thermoset molding machines	• Palletizing machines
• Moving Walks/People movers	• Size reduction equipment	• Data center HVAC
• Platform lifts	• Food processing machines	• Data center power systems
• Stairway chair lifts	• Woodworking machinery	• Data center security systems
• Fire pumps	• Laminating machinery	•and more
