

Phoenix Contact USA Media Kit

Phoenix Contact is a global market leader based in Germany. Since 1923, Phoenix Contact has created products to connect, distribute, and control power and data flows. Our products are found in nearly all industrial settings, with a strong focus in the energy, infrastructure, process, factory automation, and e-mobility markets.

Sustainability and responsibility guide every action we take, and we work with our customers to empower a smart and sustainable world for future generations. Our global network includes 22,000 employees in 100+ countries. Phoenix Contact USA has headquarters near Harrisburg, Pa., and employs 1,000+ people across the U.S.

Purpose Statement

Together, we are creating a sustainable world based on our passion for technology and innovation.

Sustainability at Phoenix Contact

Sustainability and responsibility guide every action we take at Phoenix Contact – from product development and manufacturing, to distribution and customer partnerships. Phoenix Contact walks the talk through recycling, clean energy use, and many other initiatives.
