New System Integrator Partner Phoenix Contact partners with system integrator Black Label Services

Middletown, Pa. – Phoenix Contact has partnered with system integrator Black Label Services, based in Windsor, Colorado, to better serve customers in the oil and gas industry. The company has operations in Colorado, Texas, and Wyoming, providing automation, control, and instrumentation needs.

Black Label Services, Inc., provides oil and gas automation services, flow computer programming, PLC programming, LACT commissioning and programming, turnkey site automation, calibrations, consulting, preventative maintenance, troubleshooting, integrity testing, and steam-outs to its customers. Black Label Services also has a fabrication shop building RTUs, pipe assemblies, solar racks, junction boxes, and other custom builds.

“Black Label Services is known for its strong safety culture and work ethic,” said Steve Newcomer, strategic channel manager at Phoenix Contact USA. “Black Label Services’ technical expertise and support will complement Phoenix Contact’s automation technologies.”
